

I am a full time vet nurse and mum, I started riding at 5 yrs old and haven't stopped since. I worked on Dartmoor for two years as a trek leader and enjoy hacking and cross country but hate dressage. Ted who I am riding in my picture was with me for many years, we competed in cross country, jumping, pleasure riding, hunting and dressage, sadly he has now gone to greener pastures in the sky. I am now on the look out for my next long term horsey partner.
